

## Land of the Lost: HIT/EHR National Workshop

August 6-7, 2009

Marriott at Metro Center, 775 12th St., NW, Washington, DC 20005

### The goals of this workshop are:

1. The participant will be able to evaluate opportunities and challenges for SBHCs to convert to Electronic Health (*Medical*) Record (EHR) and determine the basic requirements for an EHR system within SBHCs
2. The participant will identify resources, training and the infrastructure needed by SBHCs and sponsoring organizations to convert to EHR.
3. The participant will be able to assess education and health care policies and finance mechanisms that support the conversion to EHR systems, including community, state, and regional networks
4. The participant will be able to outline necessary steps required to implement a project in a SBHC.
5. The participant will be able to discuss scenarios that occur during the implementation process and learn to develop strategies on how to avoid and/or respond to issues.
6. The participant will be able to outline a timeline for implementation.

**Presented by:** Summer Creasy, Chief Operations Officer, IES; Gaurav Nagrath, Director, Division of Information Services, LPHI and Tiffany Clarke, State Relations and Membership Manager, NASBHC
